WEB PROJECT

REPORT

[SKKU IDEAL TYPE WORLD CUP]

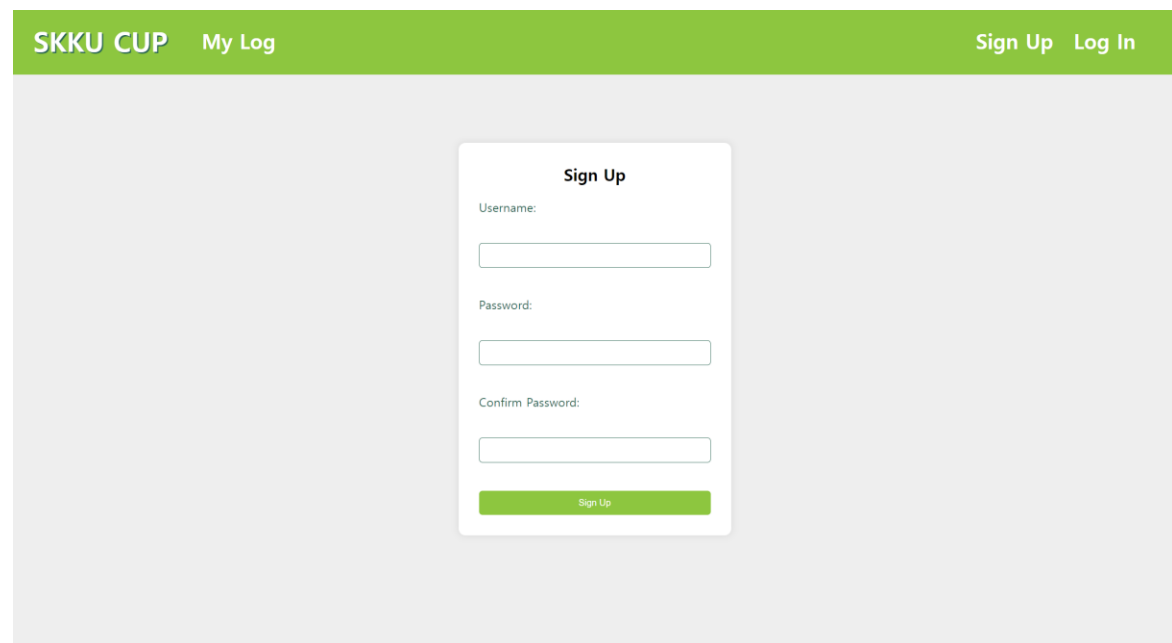

1. The Subject of Web Project

This is a website that plays the ideal type World Cup with topics that Sungkyunkwan University students can relate to.

2. Pages and Functionalities

All users use the website in the same way.

1) Sign up page

The screenshot shows a web page for 'SKKU CUP'. The header is green with 'SKKU CUP' and 'My Log' on the left, and 'Sign Up' and 'Log In' on the right. The main content area is light gray and contains a white 'Sign Up' form. The form has three input fields: 'Username:', 'Password:', and 'Confirm Password:'. Below the fields is a green 'Sign Up' button.

- A. Check no blank form when sign up button clicked: If the user doesn't fill all form and click the sign up button, it happens register fail alert. So, the user should fill all forms.
- B. Check password and confirm password: We will check the password and the confirm password is the same.
- C. Create an account: If the user success creates her/his account, he/she can log in and enjoy our website. Store user information (user name, password) in the database (users table).
- D. Move to the login page: When the user clicks the "Sign Up" button, the user is automatically moved to the login page.
- E. Go to the main page: You can also go to the main page by pressing SKKU

CUP.

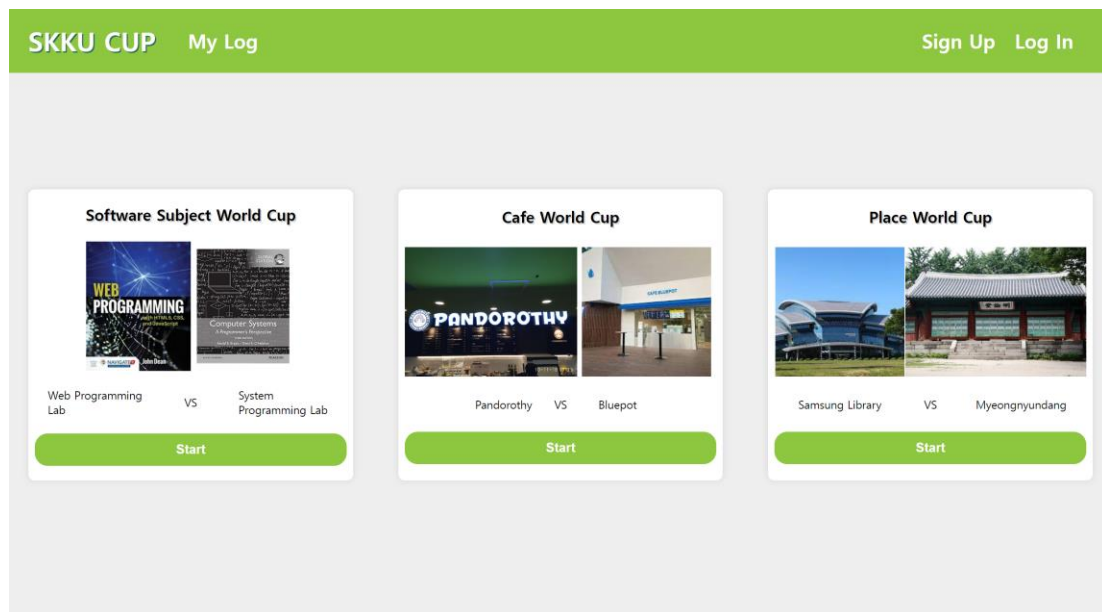

F. Cannot move to My log: If you do not log in, you cannot move to My log.

2) Log in page

The screenshot shows the login page of the SKKU CUP system. The header is green with 'SKKU CUP' and 'My Log' on the left, and 'Sign Up' and 'Log In' on the right. The main content area is light gray and contains a white login form. The form is titled 'Login' and has two input fields: 'Username:' and 'Password:'. Below the password field is a green 'Login' button.

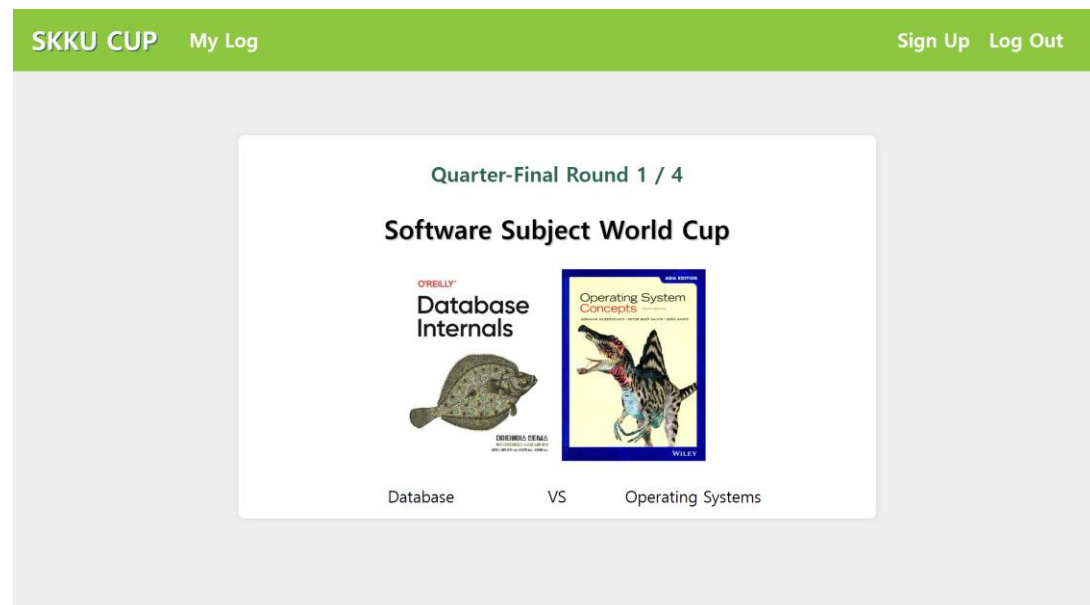

- A. Check no blank form when login clicked: If the user doesn't fill all form and click the login button, it happens login fail alert. So, the user should fill all forms.
- B. Check id & password: If id and password information does not match in the database, it will alert login fail.
- C. Success Login: If the user success in login, the user can move to the main page. And "Log In" in the upper right corner changes to "Log Out."
- D. Go to the main page: You can also go to the main page by pressing SKKU CUP.
- E. Cannot move to My log: If you do not log in, you cannot move to My log.

3) Main page

This is the page that appears when you open the webpage for the first time. You can move to other pages from the navigation bar, which consists of SKKU CUP, my log, sign up, log in page. However, if you are not logged in, you cannot go to the My log page and cannot play the World Cup. When logged in, pressing the logout button at the upper right will log you out from the current user account. There are currently three World Cups available to play.

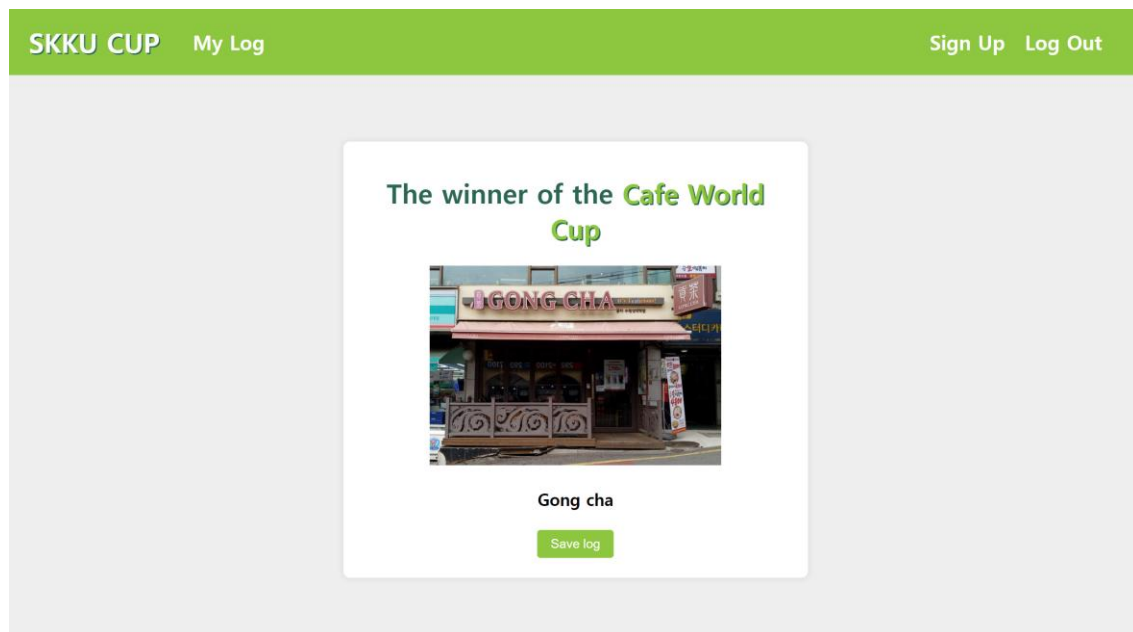

4) World cup page

While logged in, click the start button of the world cup on the main page, the user will be taken to this page. This page is where the tournament takes place and ultimately crowns one winner. The tournament consists of a total of 8 rounds.

- A. Round status expression: Expresses whether the current World Cup is the quarterfinals, semifinals, or final. It also expresses how much progress has been made in each round.
- B. World cup subject expression: Indicates the subject of the current ideal World Cup.
- C. Randomly assigning candidates: When starting the Ideal World Cup, candidates are randomly assigned so that different candidates compete each time.
- D. Representation of images and names of competing candidates: Shows two randomly placed candidates corresponding to the topic.
- E. Go to the main page: If you press the SKKU CUP in the upper left corner, you can go to the main page and stop the ongoing World Cup. You cannot go to the My log, sign up, or log in page while the World Cup is in progress.

5) Winner page

When all choices are completed on the World Cup page, the final winner selected by the user is displayed.

- A. World cup subject expression: Indicates the subject of the current ideal World Cup.
- B. Winner information expression: Shows the winner's image and name.
- C. Save log and go to my log page: When you press the save log button, winner information is saved in the database (winner_log table). After that, it automatically moves to my log page. If you perform another operation without pressing the button, the log will not be saved.
- D. Go to the main page: Click the SKKU CUP in the upper left corner to go to the main page and do not save winner log. Cannot go to the My log, sign up, or log in page.

6) My log page

SKKU CUP My Log		Sign Up Log Out
Subject	Winner Image	Winner
Software Subject World Cup		System Programming Lab
Cafe World Cup		Pandorothy
Place World Cup		Marronnier Park
Place World Cup		Naksan Park
Software Subject World Cup		Computer Architecture

- A. Show all winners information: Shows a table listing the World Cup topics and winners played by the currently logged in user. The most recently played ones are at the bottom.
- B. Go to the main page: Click the SKKU CUP in the upper left corner to go to the main page.
- C. Log out: If you press the logout button at the bottom right, you will be logged out from the current user account.

3. Database with MYSQL

The users and winner_log tables exist in a database named websitedb. When a user signs up, the user name and password are stored in the users table. When the user selects a winner and presses the save log button, information about the winner is saved in the winner_log table. The structure of each table and an example of the information stored in the table are shown in the photo below.

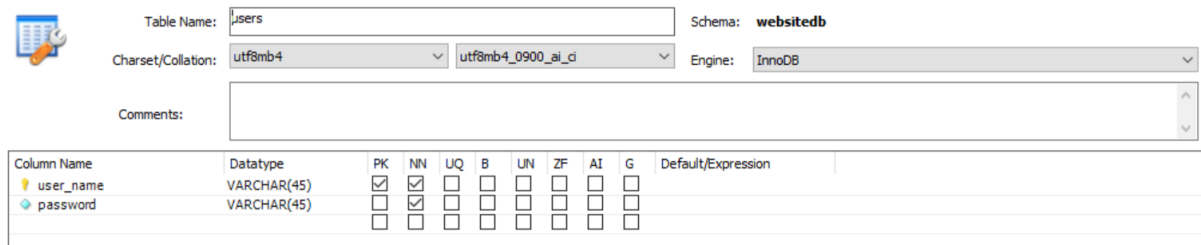

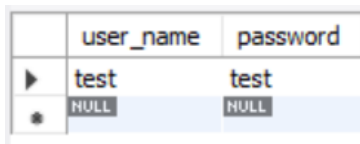

Table Name: users Schema: websitedb
Charset/Collation: utf8mb4 utf8mb4_0900_ai_ci Engine: InnoDB

Comments:

Column Name	Datatype	PK	NN	UQ	B	UN	ZF	AI	G	Default/Expression
user_name	VARCHAR(45)	☒	☒	☐	☐	☐	☐	☐	☐	
password	VARCHAR(45)	☐	☒	☐	☐	☐	☐	☐	☐
